Recent Testimonials

Here is what a few of our recent guests have had to say about their Andalucian Cycling Experience's

Morag, Peter, Kate and Finlay from Banffshire, 'We didn't really believe that cycling in Andalucia with two small children (2 and 3.5yrs) on bikes seats was possible. However, we have just enjoyed a fantastic week with the Andalucian Cycling Experience. Top cycling, great cafe stops and a fantastic villa to return to at the end of each cycle. Thank you Clare and Ashley'

Jody, Mike, Stella and Sylvie from Berkeley California, 'Claire was a wonderful guide for our family's cycling trip. She was very supportive of our 8 yr old daughter as she worked to climb the hills on her solo bike and she helped my husband and I take turns doing our solo rides on a few afternoons after the family rides. Riding here is amazing'

Jeannette from Seattle, 'One of the best holidays I've ever had'

Carolyn and Larry from Seattle, 'This vacation was extraordinarily enjoyable for all ages and skill levels. Ashley and Claire adapted the rides so everyone can do them. This trip was well worth the long flight from western USA. The Andalucian area is scenic beyond all expectations.'

Ed and Berit from Seattle, 'Thank you so much for the wonderful vacation. You have organised the rides so well that even though we all pedalled at different speeds, we all had a very enjoyable time.'

Paul from London, 'Tough up hills but fantastic down hills'

Paul and Kat from Stockport, 'One of the best holidays we've had. Excellent guide in Ashley. Taking in great views on challenging rides together with a taste of real Spain in Montecorto'

The week was far more than I expected and I hope to be back with more friends and family very soon. I will highly recommend the Andalucian Cycling Experience to all our friends. I hope some day you'll come and see us in the beautiful Pacific Northwest'.
