PS. Don't forget about Half term in October. This proved to be a very popular week last year, we were fully booked and had to turn away many families who enquired too late.

July has been another beautiful month here in Andalucia, we have all been doing plenty of riding.

The kilometres continue to slowly clock up and I've now ridden 6774km (4235 miles) and climbed 111958 meters so far this year.

As ever keep the wheels turning, enjoy your riding and be Passionate about Pedalling, Bonkers about Bikes and Mad about Mountains.

Wish you were here,

Best Wishes

Ashley & Claire
